Gasless voucher with ERC20 or ERC721 tokens

November, 2022

QBEIN

Problems

- Onboarding new users

- Distribute prizes, rewards and etc
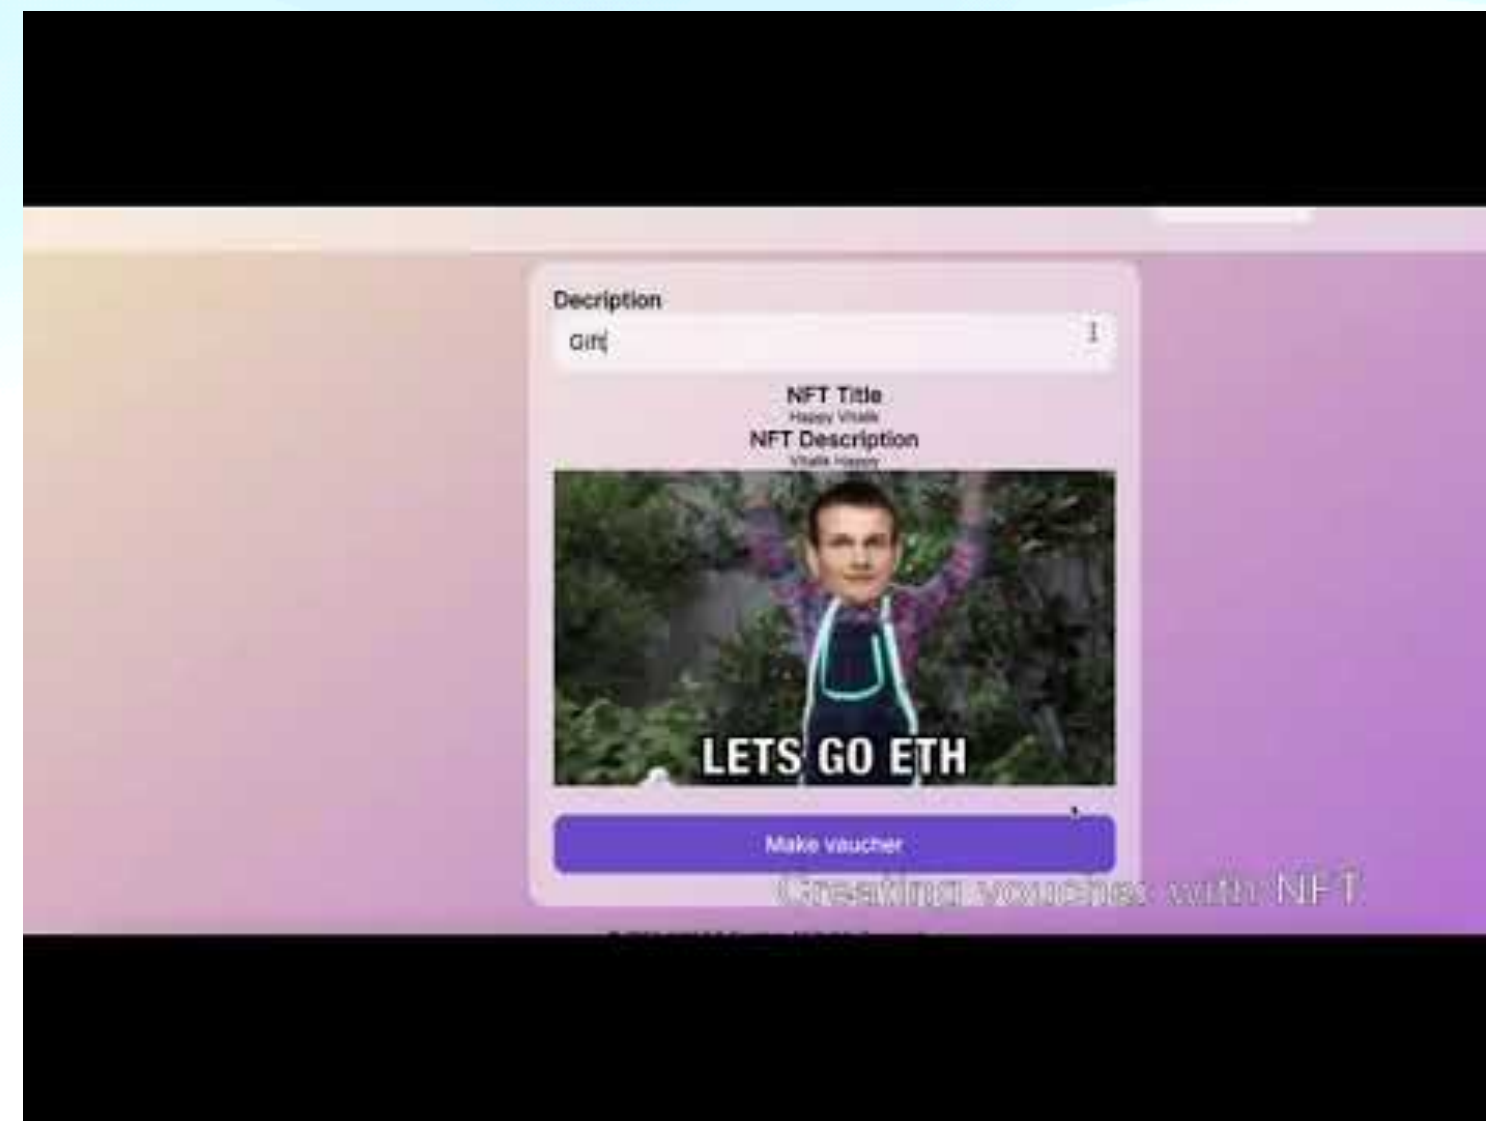

- Using crypto without wallets
  (or empty wallet)

Solution

- QR-code voucher with locker ERC20 or ERC721 tokens inside

- Claim locked token without fee

Possible improvements

- Voucher management system

- Allows input wallet during claiming voucher

- Password locked voucher

- Allows input wallet during claiming voucher

Business model

- Fee from creating voucher

- Fee from cross chain interaction

- Fee from gasless (for client) tx

- Fee from partnerships with OTC, Tax platforms and etc
